MY ACTIVITIES FOR THE TTTdM

I am a member of the Young Thinktankers since April 2020. I mostly write articles about International Relations and diplomacy.

STUDIES

I am currently in a master's program at Sciences Po Lille, where I had the opportunity to follow a multidisciplinary path. For my future, I plan to specialize in the field of international relations and diplomacy.

WORK EXPERIENCE

During the fall semester 2020, I worked as an intern in the "Assemblée Nationale", with a parliamentary collaborator, where I have become familiar with parliamentary work.

OTHER ACTIVITIES

During my 2nd year in Sciences Po Lille, I engaged myself in an association called "Le Bureau des Internationaux". In this association, I managed social media, and I was in charge of the mentorship program, where I took care of the international exchange program students.

LANGUAGES: FRENCH, ENGLISH, GERMAN
