▶ MY ACTIVITIES FOR THE TTTdM

I have had the pleasure of joining the Think Tank in August 2020 as a "Young Think Tanker". My expertise is focused on current issues concerning global governance, international law and human rights. My main activity has been to write article on top of which I also help the editorial team by proofreading other young think tankers' articles. Moreover, I have offered my language skills in Finnish and French and occasionally help in translations as well as research in these languages.

STUDIES ◀

My educational path is a unique combination of interdisciplinary studies. I have a BA degree on Politics and International Relations with French from the University of Kent, England. My undergraduate studies were focused on peace and conflict studies, gender studies, and on the European Union. My BA degree also included an exchange to the Université Libre de Bruxelles (ULB) during which I studied political science and administration in French. Currently, I am studying Global Governance Law at the University of Helsinki (Master's in International and Comparative Law), thus I am getting acquainted with international law and the globalising legal order.

▶ OTHER ACTIVITIES

I served as the President of UKC Amnesty International during the academic year 2019-20. I managed the society's activities, organised the external communication and cooperation, and represented Amnesty in various occasions. At the same time, I served as the Events Manager for the Current Affairs Society and as the Treasurer for the Nordic Society. I have also led a consultation project for 180 Degrees Consulting Brussels, worked as a Board Advisor and a Campaigns Manager for Amnesty Student Groups, represented Amnesty Finland in the Nordic Youth Conference 2018, and represented the Finnish UN Youth at a UN Youth Conference in 2017.
